## MAYOR MAKES STATEMENT ON PROPOSED BOND ISSUE

### Promises No Raise In Taxes —If Bonds Are Issued

To The Tax Payers and Voters of  
The City of Bay St. Louis:

On Saturday, June 29th, 1946, the taxpayers and voters of the City of Bay St. Louis will be called upon to decide whether or not we shall hard surface nine or ten miles of roads throughout the City of Bay St. Louis.

That this is a much needed project cannot be denied even by those who are opposed to the issuance of \$50,000.00 of bonds for this much needed improvement. We all know that the streets included in this surfacing project are worn out shell roads, that they are today a menace to anyone traveling on them. That the principal streets in the City have been paved, and that the ones that have been neglected are the ones where the poorer people of the City live. These people pay taxes and are entitled to some consideration. They have tracked back and forth in the mud and we have heard very little murmuring from them.

These people are not the only ones that use the streets of the City that are not surfaced. Every automobile owner in the City uses these streets and they above everyone else realize the condition that they are in, and should realize that it is practically impossible to maintain them in a condition suitable for the heavy traffic that we now have.

These roads were built in the horse and buggy days, and certainly they cannot continue to stand up under the automobile traffic of today. The savings to the automobile owners will alone more than offset any amount that would be placed as a tax for the retirement of these bonds.

There has been much said and done about this proposed bond issue, particularly since the vote by the members of the Chamber of Commerce was published. I cannot help but take issue with the membership of this organization in view of the fact that they made no effort whatsoever to ascertain the actual facts as to what was proposed to be done nor as to what taxation would be necessary for the payment of the obligations.

I am certain that the membership of the Chamber of Commerce want to be fair, and I am certain that they want to see improvements in their City. Perhaps we the Commission Council should have laid the facts before the voters at the time that we called the election, and if this had been done the probability is that some of the opposition to the bond issue would not have materialized.

The most important phase of the issuance of these bonds in the eyes of the average tax payer of the City is the question of whether or not their taxes will be raised.

The tax levy for the City of Bay St. Louis for the year 1945 was 39 mills. If these bonds are issued it will be necessary to pay \$2,000.00 per year on the principal and \$1500.00 per year interest, beginning with the first year and which interest will be reduced each year upon the payment of the principal. IT WILL TAKE A ONE AND ONE-HALF MILL LEVY TO DO THIS. At the present time we have a 1 1/2 mill levy for special improvement, this will be taken off, and I personally will guarantee to the tax payers of the City of Bay St. Louis, that there will not be an increase in the Tax levy for this bond issue.

May I urge you to go to the polls and vote for the bond issue on Saturday, June 29th, 1946. It is necessary that you vote, for the law is that the issue must receive a majority of the votes of the qualified electors of the municipality. Not the majority of those voting. If you should stay away from the polls it is a vote against the issue.

If you live on a paved street, realize that the poor devil who is in mud and muck has helped to pay for your street and seawall. Think of what the conditions in his section are and then feel that you should at least be charitable enough to lend him some assistance.

The following is a list of the streets that will be surfaced in the proposed program:

Double application bituminous surfacing gravel or crushed rock.  
Saint Charles Street (Beach to Railroad)  
Ballentine Street (Third to Railroad) this completes Ballentine all the way.  
Hancock Street (St. Charles to Ballentine)  
Citizen Street (Hancock to Third, Railroad to Spanish Trail)  
Railroad Avenue (One mile, Waveland Line)  
St. Francis Street (Citizen to Main)  
Washington Street (Railroad to Trail)  
Sycamore Street (Third to Trail)  
Union Street (Necaise to L. & N.)  
Esterbrook Street (Second to Toulme) (Necaise to St. Francis)  
St. John Street (Necaise to St. Francis)  
Necaise Avenue (Main to Ulman Avenue)

## REV. R. J. CANON SORIN OBSERVES GOLDEN JUBILEE

Rev. R. J. Canon Sorin, for nearly a half century pastor of Our Lady of Good Hope Church in DeLisle and its missions, Wednesday observed his golden jubilee in the Priesthood.

The occasion was marked by a celebration attended by Most Rev. R. O. Gerow, Bishop of Natchez, and visiting clergy and laymen from two states.

Bishop Gerow paid tribute to the accomplishments of Father Sorin, and lauded his faithful service to God and his people. He disclosed that Father Sorin is the second priest in 100 years within the Natchez diocese to celebrate 50 years in the priesthood.

Father Sorin celebrated a jubilee Mass at Our Lady of Good Hope Church Wednesday morning, assisted on the altar by visiting clergy.

At noon a dinner was held at the Grey Castle Hotel, Pass Christian, attended by a throng of the clergy and laymen. He was presented a purse as a jubilee gift. Rev. Herbert Mullin, St. Michael's Church, Biloxi, served as toastmaster. Included in the visiting clergy were Abbot Columbian Thuis, St. Benedict's Abbey, Louisiana, and a number of Monsignor and priests from the diocese. Also present were members of the faculty, St. Augustine's Seminary, Bay St. Louis.

A Fourth Degree guard of honor from St. Bernard's General Assembly, Knights of Columbus, served for the occasion.

Father Sorin, a native of France, has spent most of his life in the Natchez diocese. He arrived shortly after his ordination and served several pastorates before coming to DeLisle where he built his beloved, "Cathedral in the pines." He is also a musician of note having written several Masses. The title of Canon of the diocese of Natchez was conferred on him a few years ago by Bishop Gerow.

In regard to the music the Mass of Joan of Arc was artistically rendered by the DeLisle choir with the help of the paritone voice of Mr. Steve Sellier. Mrs. Maggie Necaise was at the organ and acquitted herself gracefully in accompanying the choir.

The famous Paris Angelicus of the World renowned Cesar Frank was admirably rendered by the vibrant and melodious voice of Miss Olga Bailey of New Orleans brought here by her friend Mrs. Frances True who could not be heard on that day on account of some larynx trouble but she accompanied her friend beautifully on the organ. The congregation of DeLisle was given on that day really a musical treat.

## Bay High Band Enjoyed Successful Year

The Band Department of Bay High has come through a year of hard work for both band and orchestra but it has been a most successful year in a great many ways. The band uniforms have been paid for, ten new musical instruments have been purchased, fluorescent lights have been installed throughout the band room and quite a lot of band music has been bought and paid for.

This is quite a lot to have, but the band and the orchestra realize that this might not have been accomplished but for the cooperation and assistance rendered by outside agencies and those to be thanked are Mayor and City Commissioners, Al Voight, Mr. Moran, the Central School P.T. A., the Bay Rotary Club, Brother Romuald and the band president and faculty of St. Stanislaus, those who lent their talent for the benefit play sponsored by the P.T. A. for the band, Mother Superior and faculty of St. Joseph Academy, the Bay Carnival Club, the local Knights of Columbus, the Gulfport and Pass Christian High Schools, Perkinson Junior College, Fifteenth Street USO at Gulfport, to these we feel deeply grateful for what they have done. Last but not in no means least to whom we express added appreciation are S. J. Ingram and his faculty, and student body of Bay High, the Sea Coast Echo and Miss Mary Edwards.

The have helped make it possible for the band and orchestra to be in every way proud of its year's record. We also feel very proud of the rating made by the band in the State Band Contest at Jackson and of our first chair concert player Mary Casey as she was rated in the All Star Dance orchestra in the recent Look Magazine Dance Orchestra contest at New Orleans.

Regular Band rehearsals will begin Tuesday, June 25 at 7:30 P. M. and will be held each Tuesday and Thursday at this hour throughout the summer.

All members of the band and orchestra are looking forward to bigger and better things in the coming school year. And again we extend thanks to all citizens of Bay St. Louis and Hancock County for their cooperation.

Bay St. Louis High School Band and Orchestra  
G. F. "Pat" Rooney, Director.

## Condition of Earl Fayard Showing Improvement

Very encouraging reports are heard here of the condition of Earl Fayard, who has been in the Tour Infirmary, New Orleans, since June 9. Mr. Fayard was one of the five persons injured in an auto accident here on that date and he and Leo Choina were removed to the Tour from the Kings Daughters Hospital here. Mr. Choina was discharged from the Tour several days ago but Mr. Fayard's condition was critical. Though he has not regained consciousness members of his family here have been advised that his condition is showing gain—that his temperature is normal and his respiration is good. It is hoped that he will soon be on the road to recovery.

## FACTS AND FIGURES ON PROPOSED \$50,000.00 CITY BOND ISSUE

The Mayor and Commission Council of the City of Bay St. Louis have called an election for the issuance of \$50,000.00 of Street Improvement bonds to be held on June 29th, 1946.

We shall give you the facts concerning this issue of bonds without attempting to express an opinion for or against the issue.

The Bonds to be issued are for the total sum of \$50,000.00, to be paid over a period of Twenty Five years at the rate of \$2000.00 per year. The bonds shall bear interest at a rate not to exceed three per cent. The information of the rate of interest being given us by the Mayor and Commissioners.

The material to be used in the surfacing of the streets shall be liquid asphalt for a prime course, with commercial slag or gravel as the aggregate, and with asphalt emulsion meeting State Highway Department specifications to be used for the surfacing.

The streets proposed to be surfaced are listed in a statement that the Mayor has issued, so it is not necessary for us to cover this item, except that there is included in the proposed paving program approximately 9 miles of streets.

The question of Taxation being uppermost in the minds of the people, we should try to cover this as fully as possible.

The total tax valuation of the City of Bay St. Louis is \$2,891,795.00.

The tax levy for the City of Bay St. Louis for the fiscal year 1945 was 39 mills, divided as follows:

General Fund	6 mills
General Improvement Fund	4 mills
School Fund	9 mills
Water Works Fund	1 mill
Sinking Bond Fund	13 mills
Police & Firemans Fund	3 mills
Special Improvement Fund	1 1/2 mills
Cemetery Fund	1 mill
Kings Daughters Hospital Fund	1/2 mill

We are informed by the Commission Council that the levy of one and one half mills for special improvement fund shall be taken off, and that a further reduction will probably be made in some other funds that would probably reduce the levy two to two and one half mills.

It will under the plan proposed to issue and retire the bonds take a tax levy of one and one half mills per year for this purpose. In the event that the tax levy is reduced two to two and one half mills even with the addition of the one and one half mill levy for the bond issue, taxes would not be as great nor greater than last year.

We have secured a statement from the Mayor and Commissioners and we quote, "If nothing unforeseen occurs there will not be a general increase in the taxes."

## Dates Set For Annual Fair of Our Lady of the Gulf Catholic Church

Members of the respective Catholic organizations will take care of the booths. So let's not forget the dates June 29 and 30.

There will be attractions for all.

## Young Matron Dies Of Self Inflicted Wounds

Mrs. Thomas Huff died of self inflicted wounds on Wednesday evening at the home of Mr. and Mrs. J. C. Jones at 304 North Second Street where she and Mr. Huff were stopping. Mrs. Jones is an aunt by marriage of Mr. Huff.

Mr. and Mrs. Huff came here from Panama three weeks ago following the death of their six months old child accidentally drowned in the bathtub of their home. Mrs. Huff had been suffering from melancholia and Mr. Huff brought her here to help her to recover from the shock of the baby's death.

On Wednesday afternoon Mrs. Huff said she did not feel well and did not want to go out for dinner and Mr. Huff he would go to the restaurant for him and bring her to her. Mr. and Mrs. Jones had a dinner engagement and left the house before Mr. Huff returned. Mrs. Huff secured a rifle in the Jones house and shot herself through the temple. Mr. Huff found her, upon his return lying in a pool of blood on the floor with rifle across her body. Mr. and Mrs. Francis Wilson, next door neighbors arrived at the house shortly after the firing of the shot and with their aid a physician was summoned and Mrs. Huff was removed to the Kings Daughters Hospital where she died at 8 o'clock, about an hour after the tragedy occurred.

According to information received the Huffs had been married six years and were living in Panama, where Mr. Huff has always lived and where he holds a position as auditor in the employ of the U. S. Government.

Funeral arrangements are pending the arrival of Mrs. Huffs mother from New York. Rev. Warwick Aiken will have charge of the services.

## Graduates From School Of The Theatre

On Sunday, June 9th, Betty Lee Mitchell, talented young daughter of Mr. and Mrs. Robert L. Mitchell, was graduated from Pasadena Playhouse, School of the Theatre.

The ceremony was both beautiful and impressive as well as symbolic. Besides the formal awarding of diplomas there was a ceremonial, the diaphram or spring festival in honor of the God Dionysus. Two figures representing Tragedy and Comedy appeared with torch bearers. The whole pageant was Grecian in style with the dancers of the school, performing beautiful Greek dances. The entire junior classes acted as guard of honor.

Betty Lee has won many honors while attending the Playhouse and this past year was chosen to open the West Coast Exposition "The World of Tomorrow" as the Girl of Tomorrow. She has just completed a long run at the State Theater and has been called for two more summer plays.

Mrs. Mitchell and her son Bobby are on the west coast for a visit with Betty Lee, who is planning a short visit home for a much needed rest.

## CHAMBER OF COMMERCE ACTIVITIES

### NEW ENTERPRISE

Mr. and Mrs. Gordon Gleim formerly from Ohio and more recently from New Orleans announce the opening of their Ice Cream parlor located on Sobral and Railroad Avenue, Waveland, Miss.

Mr. and Mrs. Gleim have purchased this location and have entirely redecorated the structure inside and out which makes a very attractive addition to that part of town.

Not only will they sell their product to drive in customers but will also have a delivery service with an attractive truck that will deliver their product on short notice to any of their customers calling in.

The Hancock County Chamber of Commerce takes pleasure in welcoming these newcomers to the County and assures them of our wholehearted cooperation in any matters that we can be of service.

### NEW BUSINESS REQUESTS

Requests from manufacturing companies looking for locations to open branches are still coming in to the Chamber's office, however, due to the lack of vacant buildings and other facilities to accommodate these people who are looking for improved property it makes it a very hard matter to meet their requirements.

If anyone in the County has any improved property with from 10,000 to 20,000 square feet of floor space we certainly would like to hear from them.

## SUMMARY OF BUSINESS ACTIVITY

From all indications and from the information furnished by the Mississippi Business Review published by Mississippi State College we here in Bay St. Louis seem to be a great deal better off insofar as business conditions are concerned than any other city on the Gulf Coast. According to the above publication, general business in Gulfport was down 16 per cent and elsewhere along the coast gains over last April were Biloxi 7.9 percent, Pass Christian 16 percent, Piquemine 15 percent and BAY ST. LOUIS 21 percent. Allcoast cities reported losses in postal receipts and money orders issued with Bay St. Louis showing a 3 percent decrease compared with Gulfport of 14 percent decrease. Postal receipts stayed below last April in all cities with exception of BAY ST. LOUIS which showed a small gain of less than one percent. Telephones in service were up as follows: Biloxi 7 percent; Pass Christian 20 percent; Piquemine 22 percent and BAY ST. LOUIS 23 PERCENT. From the foregoing Bay St. Louis is way out in front and from all indications we will stay that way.

## NO PEACE IN EUROPE

THE British Foreign Secretary has added his voice to those trying to explain the perilous position in which the victors over Germany find themselves today, as the Soviet Union follows a strictly unilateral course, seemingly negative in results unless the other nation accept the Moscow theses.

Mr. Bevin pointed out that Russian ideas of democracy and security constitute a great obstacle to peace. The Communists assume, he said, that the Russian method alone represents democracy and that Russian security depends upon the adoption of the Soviet system by all other countries.

Bluntly, the Labor minister warns that his country, will not accept the rule of one party or of one nation and that "we shall never get peace if that goes on." He appealed to Soviet leaders to reconsider rejection of the American plan for a four-power pact to control German armaments, saying it was a great opportunity and that "if you value peace above all else, do not miss it; it may never come again."

The British spokesman denied that there was any Anglo-American bloc, but insisted that the state of war cannot go on forever and announced that unless progress on peace treaties can be made at the conference of leaders this month his government would insist upon submitting the disputed treaties to a peace conference of the 21 nations involved. This is the course suggested by Secretary of State Byrnes, which met with immediate denunciation in Moscow.

The solemn words of Mr. Bevin reflect the gravity of the situation in Europe where nothing can be decided because, unless every point is yielded to Russia, the Soviet Union raises an objection but, at the same time, demands unanimous action. There is no reason why the people of the United States should not understand the perilous condition that confronts the cause of future peace in Europe.

## ONE HUNGRY WORLD

GENERAL Dwight D. Eisenhower said recently: "Without food there will be no peace."

Until the people can stop bending every effort toward mere existence they will not be able to produce the right kind of leaders. The conquered countries lack leaders because their leaders were liquidated. If we had a real conception of what mere existence means in these countries we would appreciate that our greatest contribution now, and an individual one, is food. If you have ever tried a 1,000 calorie balanced diet you may think it's not so bad. But these people have no reserve to go on, and the calories they get each day are neither "filling" nor nutritionally adequate. How would you like this menu: a hunk of bread and weak coffee for breakfast; thin soup with a potato base and another hunk of bread for your main meal, and soup and bread, same kind but less of it, for your evening meal? The entire menu is less than many a housewife wastes in a day.—Ida Jean Kain, newspaper columnist, May 29.—In the Baptist Record, June 20, 1946.

## To Present Pupil In Second Recital

Mrs. Louis B. Pate will present her pupil John Dupacquier in a second piano recital at her home on North Beach on Thursday, June 27 at 7:45 p. m. A silver offering will be given to the Little Theater piano fund.

He will present almost the same program with some changes and there will be one or two numbers by other performers.

## County Crops Average

According to County Agent C. C. Stone, crops in Hancock County are in an average condition at this time. Some crops are good with others bad. Due to the heavy spring rains, corn has suffered a heavy loss while hay crops and legumes of other types are in good shape. Pastures are fine and full of succulent grasses, with alyce clover making gains every day.

In most instances watermelon fields were lost, but early truck crops paid handsome dividends.

## MISSISSIPPI PRESS

The annual convention of the Mississippi Press Association was held in Biloxi on May 31 and June 1. The meeting was well attended and a very interesting and constructive program was rendered. The new president is Austin Seay, of the Winona Times, and the vice-president for the ensuing year is R. M. Hederman, Jr., of the Jackson Clarion-Ledger. Troy Alewine of the Brandon News was elected secretary, and C. N. Harris, of the Canton Herald was named treasurer. The Community Swimming Pool Fund at the Hancock Bank, while still just a very small puddle, is growing and the sponsors of the fund hope that a veritable rain of contributions will make it grow into a sizeable pool by the end of July. The fund got off to a good start with a hundred dollars from the dance revue given by Mrs. Dan Russell.

Present plans are for the pool to be constructed on the city Hall grounds and will be free to everyone. The main purpose will be for giving lessons in swimming and lifesaving, but it will be available to the public when there are no classes being held.

The first beginners class in swimming was completed on Friday, June 14th with twenty-eight passing the tests. Some of the smaller children

## EXPERIENCED—DILIGENT

SOUTH MISSISSIPPI'S CONGRESSMAN BILL COLMER

VETERAN of World War 1, with three sons in World War II

ABILITY RECOGNIZED in House—Member, powerful Rules Committee, Chairman, Postwar Economic Policy Committee, Member, Natl. Forest Reservation Commission

EFFECTIVE—Has served apprenticeship, has earned recognition, and can serve South Miss. better than any new man. A Representative renders effective service through KNOW-HOW, SENIORITY, and ATTENTION TO DUTY—not by Cheap, political haranguing.

SOUTH MISS. HAS A GOOD MAN IN CONGRESS—Let's keep him there  
Not only South Mississippi but the entire State and the whole South have a stake in the Congressional race in the Sixth District.

The South, with 6 of the 12 members, now holds the balance of power on the powerful Rules Committee, which controls when and how legislation from all other committees comes up in the House. These 6 members have been able to bottle up such anti-Southern bills of the FEPC (which, under the guise of trying to enforce job equality for negroes would disrupt the whole Southern way of life and bring back carpetbag days).

If Colmer should be defeated, a Northern Democrat would replace him on the committee, and the FEPC bill would promptly come before the House.

The fate of the Southern way of life is in the hands of the voters of South Mississippi. July 2nd is the day.

Your vote will decide whether car-petbag days are to return to the South.

### GLAMOROUS RITA HAYWORTH APPEARS AS "GILDA" AT A. & G. SUNDAY - MONDAY

#### Romantic Drama Stars Hayworth in New Type Of Role

Something excitingly different in the way of romantic dramas has been promised for local cinema fans, when Columbia Pictures presents Rita Hayworth as "Gilda" with Glenn Ford, George Macready, Joseph Calleia and Steven Geray, at the A. & G. Theatre on Sunday and Monday.

This is a film that stirred up interest when the news leaked out that Rita Hayworth was slated for her first important dramatic role, and when later reports claimed the experiment to be an outstanding success. It is said that Miss Hayworth has a part distinctly suited to her glamorous allure, allowing her, too, to sing and dance in a few sequences—a move calculated to satisfy the most musical-minded of her fans.

Gilda, ravishing, high-spirited, dangerous, is the central figure of a strange and moving love triangle. Her boy friend, Johnny Farrell (Glenn Ford), who ran out on her before she was married, and who turns up as her husband's best friend and trusted lieutenant, is a bitter vindictive young gambler; her husband, Ballin Mundson (Geo. Macready), owner of a South American gambling casino, is a sadist, half-mad in his quest for power.

We are told that there never was a woman like Gilda, and that the conflict resulting from the clash of these forceful personalities creates a stirring film, hitting hard all the way to an explosive last scene. The action is said to be highlighted by some of the most provocative musical routines Miss Hayworth has ever attempted including a torrid samba in one of the night club sequences.

Returning to the screen after years in the Marine Corps, Glenn Ford has been acclaimed by the reviewers. George Macready as the sinister husband, Joseph Calleia as a man of mystery, and Steven Geray in the role of a philosophic washroom attendant also receive high praise for their important contributions.

## A. & G. THEATRE

### SUNDAY AND MONDAY

#### "SO GOES MY LOVE"

Myrna Loy and Don Ameche Co-Starring

Few pictures since "Going My Way" carry the heartwarming appeal of "So Goes My Love," which opens Sunday and Monday at the A. & G. Theatre. The new film, most recent of the Jack H. Skirball-Bruce Manning productions, is a Universal release.

It's the story of Hiram Maxim, famed inventor, but instead of dealing with the devices he created, it tells a warmly human story of a man and woman who meet by accident, fall in love, get married and have children. In fact, it is a segment out of everyone's life and brings tears as well as laughter. The screenplay, by Manning and James Clifton, is based upon the Maxim book, "Genius in the Family."

Myrna Loy and Don Ameche are co-starring for the first time in this fine film. Miss Loy, who devoted most of the war years to Red Cross work, is back on the screen and she really clicks with an adult performance worthy of Academy consideration. Ameche again proves that he can play practically anything thrown in his lap.

**Choose Story**  
It is interesting to note that both of these players are now free-lancing, meaning that they can pick and choose their roles. The fact that both of them were enthusiastic about the script of "So Goes My Love" is testimony to the quality of the story.

Included in the supporting cast are Rhys Williams and Bobby Driscoll, the eight-year-old moppet star in Walt Disney's "Uncle Remus." Richard Gaines has an outstanding role.

If this is a sample of the type movie co-producers Jack H. Skirball and Bruce Manning are going to turn out under their new Universal releasing arrangement, the studio is to be congratulated on making a deal with them.

"So Goes My Love" is noteworthy for its authentic and expansive background as well as the performances of its stars. Skillful photography by Joseph Valentine contributes much to the picture's unique excellence. Special credit is deserved by producer Jack Skirball and Frank Ryan, the director.

### Negro 4-H Club Camp

The tenth session of the Harrison County 4-H club camp was held at Gulfside, Waveland, June 10-15 with twenty-two girls attending representing five 4-H clubs. Instructions in different phases of club work, including foods, clothing, poultry, and home improvement and recreation were given under the supervision of Beatrice Childress, state 4-H club agent, C. O. Daniels, Harrison supervisor of rural schools and Ophelia Carter Dubra, Home Demonstration agent.

It is said that Miss McClure had met the man in the Fort McClellan library where she was librarian and had because he said he was lonely asked him to the house and he had come and was always content to spend his evenings with the family. He was a lover of music and Miss McClure often played for him. Her family liked him. At the time of the tragedy, her father had gone to church to attend a Stewards meeting. No motive for the crime can even be imagined other than a complete delinquency of the mind.

The McClure's son John McClure served his country overseas and was wounded several times. Upon his return to the States he was killed in an automobile accident. They have one son Leon McClure, Jr.

The family now make their home in Jacksonville, Alabama, where Mr. McClure is teaching in a college.

## Drive To Raise Funds For

### Mississippi Children's Hospital To Open Soon

A campaign to establish a Mississippi Children's Hospital will soon get under way in every County in Mississippi.

There was recently formed a non-profit organization under the name of Mississippi Children's Hospital Incorporated, with Governor Thomas L. Bailey as President, and W. Henry Pittman as Secretary-Treasurer. The goal of the Campaign shall be to raise \$200,000.00 throughout the State, with the quota of \$1000.00 allotted to Hancock County.

It is anticipated that with the raising of \$200,000.00 a \$60,000.00 or possibly a \$100,000.00 hospital can be established by taking advantage of recent hospitalization legislation, a match fund policy, adopted by our State Legislature and the National Congress.

There are thousands of Mississippi children now suffering needlessly and in many cases will be crippled during their entire lives because of inadequate hospital and medical facilities. We are certain that the people of Hancock County would answer a call to help relieve this situation. A. G. Favre, has been named chairman of the drive which will open shortly.

SOUTH MISSISSIPPI'S CONGRESSMAN BILL COLMER

VETERAN of World War 1, with three sons in World War II

ABILITY RECOGNIZED in House—Member, powerful Rules' Committee Chairman, Postwar Economic Policy Committee Member, Natl. Forest Reservation Commission

EFFECTIVE—Has served apprenticeship, has earned recognition, and can serve South Miss. better than any new man. A Representative renders effective service through KNOW-HOW, SENIORITY, and ATTENTION TO DUTY—not by Cheap, political haranguing.

SOUTH MISS. HAS A GOOD MAN IN CONGRESS—Let's keep him there

Not only South Mississippi but the entire State and the whole South have a stake in the Congressional race in the Sixth District.

The South, with 6 of the 12 members, now holds the balance of power on the powerful Rules Committee, which controls when and how legislation from all other committees comes up in the House. These 6 members have been able to bottle up such anti-Southern bills of the FEPC (which, under the guise of trying to enforce job equality for negroes would disrupt the whole Southern way of life and bring back carpetbag days).

If Colmer should be defeated, a Northern Democrat would replace him on the committee, and the FEPC bill would promptly come before the House.

The fate of the Southern way of life is in the hands of the voters of South Mississippi. July 2nd is the day.

Your vote will decide whether car-petbag days are to return to the South.

**How women and girls may get wanted relief from functional periodic pain**

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic cause. Try it!

### GLAMOROUS RITA HAYWORTH APPEARS AS "GILDA" AT A. & G. SUNDAY - MONDAY

#### Romantic Drama Stars Hayworth in New Type Of Role

Something excitingly different in the way of romantic dramas has been promised for local cinema fans, when Columbia Pictures presents Rita Hayworth as "Gilda" with Glenn Ford, George Macready, Joseph Calleia and Steven Geray, at the A. & G. Theatre on Sunday and Monday.

This is a film that stirred up interest when the news leaked out that Rita Hayworth was slated for her first important dramatic role, and when later reports claimed the experiment to be an outstanding success. It is said that Miss Hayworth has a part distinctly suited to her glamorous allure, allowing her, too, to sing and dance in a few sequences—a move calculated to satisfy the most musical-minded of her fans. Gilda, ravishing, high-spirited, dangerous, is the central figure of a strange and moving love triangle. Her boy friend, Johnny Farrell (Glenn Ford), who ran out on her before she was married, and who turns up as her husband's best friend and trusted lieutenant, is a bitter vindictive young gambler; her husband, Ballin Mundson (Geo. Macready), owner of a South American gambling casino, is a sadist, half-mad in his quest for power.

We are told that there never was a woman like Gilda, and that the conflict resulting from the clash of these forceful personalities creates a stirring film, hitting hard all the way to an explosive last scene. The action is said to be highlighted by some of the most provocative musical routines Miss Hayworth has ever attempted including a torrid samba in one of the night club sequences.

Returning to the screen after years in the Marine Corps, Glenn Ford has been acclaimed by the reviewers. George Macready as the sinister husband, Joseph Calleia as a man of mystery, and Steven Geray in the role of a philosophic wash-room attendant also receive high praise for their important contributions.

## Good Pay...

## for a MISSISSIPPI BOY

"If you're like me—the first thing you want to know about a job is the pay!"

"Army pay starts at \$50. a month for a Private—but a lot of men in the Regular Army are specialists with higher grades and pay. Besides your base pay you get your food, clothing, housing and medical care free—plus allowances for dependents—plus 5% increase for each 3-year enlistment.

"Here are some other angles to consider: A yearly 30 day furlough with pay—educational privileges after a 3-year enlistment worth more than \$5000 — retire after 20 years' service with half pay or after 30 years with three-quarters pay.

"Dollar for dollar—not counting the interesting training and experiences—it's hard to beat a job in the Regular Army!"
